

3-5TH Straw baling machine NKW100BD

Specialized in recycling and compressing the loose materials like plastic film, PET bottles/Pet bottle balers, plastic pallets/plastic balers, waste paper/waste paper balers, cartons, card boards trims/scraps, etc.

- Nick Baler Heavy duty close-gate design for more tighter bales
- Hydraulic locked gate ensures more convenient operation
- Hydraulic balers can feed material by conveyor or air-blower or manual.
- PLC control system, It Can automatically inspection feed, it can press to front end each time and available for manual bunch one-time automatic push bale out and so on process.

Model	NKW100BD
Hydraulic power	100Ton
Cylinder size	Ø220
Bale size (W*H*L)	1100*850*1700mm
Feed opening size (L*W)	1400*2000mm
Bale density	400-450Kg/m ³
Capability	3-5T/hour
Bale line	4 Line /Manual strapping
Power	30KW/40HP
Out-bale way	Disposable bag out
Bale-wire	10#*4 PCS
Cooling system	Cooling Fan
Feeding Device	cyclone / conveyor
Machine weight	14000KG

The horizontal straw baler is reliable in quality, widely used, stylish in appearance, fine

Shaanxi Nick Machinery Equipment Co.,Ltd

Address: East Qunsheng Road Wuxi City, Jiangsu, China

workmanship, multiple baling slots, easy to operate, and can be equipped with anti-rebound barbs. Installation teaching, so far.

Advantages of horizontal straw baler:

1. High-pressure plunger pump: low-noise performance steadily improves work efficiency and prolongs product application time.
2. Lengthened conveying: Conveyor belt feeding is used throughout the entire process, saving time and effort, and convenient to use.
3. Rail steel bag outlet: automatic microcomputer control electric box, which can realize automatic feeding, automatic pressing and automatic Baler out, which effectively saves labor costs.
4. Oil level thermometer. An oil level thermometer is installed on the oil tank of each horizontal machine, which can monitor the oil level and temperature in real time to adjust the operation of the machine.

NICKBALER has an experienced and strong production and sales team, focusing on the production and research and development of horizontal hydraulic balers. www.nickbaler.com
